RE: Gary Mazzilli, Outsource Estimating

We have utilized the estimating services of Mr. Mazzilli numerous times on commercial projects in the last few years. He is extremely knowledgeable and thorough in his take offs of metal framing, drywall, and acoustical ceilings. We have been highly satisfied with his bids, which are always well prepared and very detailed.

I would very much recommend Mr. Mazzilli, and will continue to use his services when needed.

Sincerely,

Joe Griffin
President
